THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Epping in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Epping on Tuesday, the eighth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what sums of money the town will vote to raise and appropriate for roads and bridges.
4. To see what sums of money the town will vote to raise and appropriate to defray Memorial Day expenses.
5. To see what sums of money the town will vote to raise and appropriate for winding and care of the Town Clock.
6. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
7. To see if the town will vote to authorize the Selectmen to sell any property taken by tax title or otherwise, providing such property is advertised 15 days in advance of date of sale and such notice be posted in three public places.
8. To see if the town will vote to raise and appropriate the sum of \$400.00 for the control of White Pine Blister Rust, in cooperation with the State Forestry and Recreation Department.
9. To see what sum of money the town will vote to raise and appropriate for Civilian Defense.
10. To see if the town will vote to accept and adopt

the following proposed set of building rules as a town ordinance.

No dwelling shall be built or moved into or within the town unless it shall comply with the following, and notice be given to the selectmen thirty days before work commences.

A. *Foundation*: All structures shall be set on a solid foundation of cement, brick, or stone.

B. *Framing*: Buildings shall be framed according to standard procedure and outside walls shall be of shingles, siding, clapboard, brick, or stucco.

C. *Chimneys*: Construction shall be of stone, brick, or chimney block with tile lining.

D. *Roofs*: All roofs shall be of a fire resistant material.

E. *Area*: Every dwelling shall have a ground floor area of not less than 500 square feet.

F. *Sewerage*: Each house shall be connected to a septic tank and dry well or filter bed.

G. *Electricity*: Wiring shall be done in accordance with the National Electric Code.

H. *Violation*: In case of a violation of this ordinance selectmen shall give owner written notice and owner shall be fined, upon conviction, not more than ten dollars per day for each day such violation exists.

I. *Definition*: The word "Dwelling" used herein, means a house for human habitation and does not include barns, sheds, garages, etc.

11. To see if the town will vote to raise and appropriate the sum of \$300.00 to purchase seats for the Town Hall.

12. To see if the town will vote to raise and appropriate the sum of \$300.00 to continue development of parking lot between the Town Hall and Library Lot.

13. To see if the town will vote to extend the lighting time of Street Lights from Midnight to 2 A.M. or longer and to raise and appropriate such sum of money

as may be necessary to cover contract with the New Hampshire Electric Company.

Lights to Midnight	1 A.M.	2 A.M.	Dawn
Per Year	\$1,994.40	\$2,066.08	\$2,137.68
Per Month	166.20	172.17	178.14
Increase			
Per Year	71.68	143.28
Per Month	5.99	11.94

14. To see if the town will vote to raise and appropriate the sum of \$700.60 for Class V Highways upon the condition that the State contribute \$4,670.14.

15. To see if the town will vote to raise and appropriate the sum of \$1,000.00 to be spent on St. Laurent Street for drainage, grading and resurfacing.

16. To see what sum of money the town will vote to raise and appropriate for proper drainage and surfacing of the Blake Road in West Epping.

17. For water on High Street.

18. To see if the town will vote to accept and purchase at a cost of \$1.00 the American Legion Lot at the corner of Cate and Main Streets.

19. To see if the town will vote to raise and appropriate a sum of money necessary to install a 6 Ft. Culvert on Bartlett Street and dig necessary ditch from the residence of Victor Sherman to Main Street.

20. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and fifty-five.

GEORGE E. MOQUIN,
EARLE B. ROURKE,
EDMOND G. BLAIR,
Selectmen of Epping, N. H.

A true copy of Warrant—Attest:

TOWN AUDITORS' REPORT

This is to certify that we have audited the accounts of the Town of Epping for the year ending December 31, 1953. We have examined the accounts of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Trustees of the Trust Funds, Treasurer of the Public Library, Judge of the Municipal Court, Collector of the Epping Water Department and find them correctly cast with proper vouchers.

ADELINE GOLDTHWAITE,
JOHN B. FOLSOM,
Auditors of the Town of Epping, N. H.

POLICE REPORT

To the Citizens of Epping:

I hereby submit my report of your Police Department for the year 1954.

I am pleased to report that for past seven years it has been necessary to commit only one juvenile delinquent to an institution and that was back in 1949.

I would like to take this opportunity to thank the parents and people of Epping for the fine cooperation given this department to help keep juvenile delinquents to the low level which we have.

The less delinquents, the better the town, as we all know, the children of today will be our businessmen and women of tomorrow.

For a small town with so many youngsters and the limited supervised recreation which is available in small towns we are very fortunate to have such a fine record and I would like to compliment the parents of Epping on the excellent job they have done in bringing up their children.

Herewith is a brief account of the cases prosecuted by your department.

- 3 — Assault
- 4 — Drunk and Disorderly
- 2 — Stop Sign Violation
- 4 — Operating without a License
- 3 — Driving to the left of solid line
- 1 — Non-support
- 2 — Breaking the Peace
- 7 — Speeding
- 3 — Driving under influence
- 2 — Defective brakes

- 1 — Mis-use of Plates
- 1 — Disobeying Officer
- 1 — Allowing unlicensed person to drive
- 1 — Careless and Negligent Operation

35 Total Cases

Always remember an ounce of prevention is worth a pound of cure. Please drive slow within the town limits especially near schools or where there are children playing, let's not shorten their future.

Respectfully submitted,

EDWARD T. LAVOIE,
Chief of Police

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Epping qualified to vote in district affairs:

You are hereby notified to meet at the town hall in said district on the 12th day of March, 1955 at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or Agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance

between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate \$550.00 to be used for the transportation of West Epping High School pupils.

10. To see if the district will raise and appropriate \$200.00 to be used for the transportation of other High School pupils who live more than two miles from school.

11. To transact any other business which may legally come before this meeting.

Given under our hands at said Epping this 2nd day of February, 1955.

ELTON G. ALLEN,
RICHARD F. SANBORN,
BEATRICE G. MARCOTTE,
Epping School Board

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Epping:

I submit with pleasure, my fifth annual report as your superintendent of schools.

I feel that it would be safe to say that the year 1954-55 has been one of the best years for our pupils that Epping has experienced in many years. We have not been plagued with the problem of backing pupils up from grade 7 down through grade 3. By splitting the first and second grades into two sections each, the enrollment in each division has been about 25 pupils per teacher, which is about as ideal as anyone could hope to have. This being the case pupils in the lower grades have been given an opportunity to learn fundamentals that they could not possibly have had in larger classes or in combined classes.

The fact that the School Census for 1954-55 shows an enrollment of 32 pupils in grade 1 for 1955-56 poses a problem. The following enrollment figures will indicate where our problem will be in 1955-56.

Enrollment 1955-56 — Central School			
	Grade	Central 1954-55	1955-56
(Census)	1	52	32
	2	52	52
	3	25	52
	4	31	25
	5	29	31
	6	26	29
	7	40	34
		255	255

With census figures showing 32 entering the first grade in September, 1955 it was thought advisable to

have only one first grade group next year, but at the same time maintaining two second grades. A look at the table will show 52 pupils in grade 3 and the question immediately arises, "Will one teacher have 52 pupils?" The answer is an emphatic "No."

However it is a step toward the system of backing up from one grade to another that has so recently been corrected and I would advise that it be carried no farther.

It is hoped that a Committee made up of the teachers in the first four grades working with the Superintendent can work out a solution that will mean a minimum of lost educational opportunities to all children concerned.

It is your Superintendent's belief that your real housing problem is moving to the high school. Epping has a problem that shall have to be answered in the near future and I would strongly advise the forming of a Committee to work with the School Board in trying to find a solution. In my opinion there are four avenues of action, these are:

1. A local building program.
2. A Cooperative District High School.
3. Using the present High School on a Junior High basis, grades 7, 8, 9 and sending grades 10, 11, 12 to an out of town high school.
4. Using the present High School for grades 7 and 8 and sending grades 9, 10, 11 and 12 to an out of town high school.

The time is coming when you must make up your minds as to which avenue you want to travel along and the better you are prepared when that time comes, the better it will be for your young people.

New Teachers

Bernard C. Forbush, K.T.C. 1950 to replace Maurice Boulanger as Principal. Mr. Forbush teaches Math and Science and will coach basketball. Mr. Forbush has taught Math at Vilas High School, Alstead, N. H. for four years and was Principal of Hancock High School, Hancock, N. H. 1953-54.

John D. Davis, Bowdoin College 1952, has a Masters Degree in Education from B.U. and teaches Social Studies and Biology. He coaches Junior Varsity Basketball.

Philip LaRonde, St. Anselms 1947 with graduate work at Boston University to teach High School English and French.

Eugene J. Ruddeforth, Springfield College, 1951 with graduate work at Western Reserve University. Mr. Ruddiford has one year's experience at New Milford Junior High School, New Milford, N. H. and teaches Social Studies grades 7, 8, 9, General Math and Chemistry.

Miss Barbara McKenzie, Bryant College, 1954. Miss McKenzie teaches Business Education and coaches girls' basketball.

Mrs. Ann B. Chase, U.N.H. 1954 to replace Mrs. Virginia Hancock who resigned to be with her husband. Mrs. Chase teaches grade 6 in the Central School.

Mrs. Virginia Williams, University of Washington, 1940 as an additional teacher. Mrs. Williams came to us after two very successful years in the Swasey School, Brentwood and teaches one division of grade 2 in the Central School.

Mrs. Ethel Scott, with 12 years' experience in New Hampshire schools, most recently Raymond, to teach grades 4, 5, 6 in West Epping School.

Mr. Bertrand Roger, Georgetown University 1950 and graduate work at Boston University to fill the vacancy created by the untimely death of Mrs. Christine Taylor. Mr. Roger teaches grade 7 in the Central School and will take charge of sports at the elementary level.

Miss Sara Jane Cummings, U.N.H. "54" to replace Miss Irene Tanguay who resigned to marry. Miss Cummings is doing an outstanding job in her first year as music instructor.

Additions and Improvements

Work is progressing on the new playground; grading should be completed next summer and this should give Epping a playground and ball field that will be among the best. The installing of upright urinals in the boys' toilets at the Central School has been a big improvement from every viewpoint.

School board members Elton Allen and Dick Sanborn have been instrumental in heading up a group of interested townspeople for the construction and completion of the new school lunch kitchen and dining room. Work is now underway for an enlarged and improved shop area in the Central School. Local business men have cooperated in giving large discounts on equipment for the school lunch program. James Brown and Sons, Freezer and Refrigerator; Goodrich Brothers, Gas Range; Edward Lavoie, gas and installation.

Painting of downstairs rooms in the high school and the patching of ceilings and walls has made a big improvement in the appearance of that building. Your school board is wisely following a schedule in making repairs and replacements which should keep such costs to a minimum.

School Lunch

Our new School Lunch Program under Mrs. Gladys Page with Mrs. Sybil Crocker as assistant is more popular than ever. Mrs. Page is making every effort to provide well balanced meals to our young people; her success in doing so is evidenced by the increased number availing themselves of the hot lunches. She is averaging 193 meals per day.

The West Epping mothers are again providing a hot dish for the children in their school; needless to say this pays big dividends in maintaining the physical and mental well being of those children participating.

I would like to take this opportunity to express the appreciation of the School Board and myself to the Grange for their very fine cooperation in making their Hall available for our School Lunch in past years. In a sense it was such cooperation that made the Program feasible.

In closing I want to express my appreciation to the Principals and Teachers for their cooperation and support in keeping the educational program of Epping moving forward. I also wish to thank the School Board and Citizens for their part in making my work a pleasant and worthwhile experience.

Respectfully submitted,

LOUIS L. RAMSAY,
Superintendent

REPORT OF THE PRINCIPAL OF EPPING HIGH SCHOOL

*To the Superintendent of Schools, Board of Education,
and Citizens of Epping:*

I hereby submit this report, my first, as Principal of Epping High School.

School opened on September eighth with the largest enrollment in the history of the high school. Grades eight through twelve brought the total pupil population up to one hundred and twenty-four. The eighth grade presented the greatest problem with its forty-two pupils. The size of this class has limited its movement to the two larger rooms on the main floor. This has, in turn, restricted the upper grades to smaller quarters. During the first few days of school, there was a shortage of seating accommodations and chairs had to be moved as some of the larger classes changed. The purchase of new arm chairs soon relieved this confusion. To date, seven pupils have been discharged, three drop-outs, and four transferred to other communities, but the loss of these has not relieved the congestion for there have been new enrollments to keep the total population high. The housing situation has reached the critical point and the prospects for next year are even more alarming with eighteen prospective graduates and approximately forty coming up from the seventh grades of Central and West Epping.

Epping High School was involved in a nearly complete teacher turnover this fall; however, the school was very fortunate in one respect, the replacement teachers are well prepared in their respective fields and have lost no time in putting their entire efforts into doing an excellent job. Mrs. Priscilla Estey, the only returning teacher, is doing a tremendous piece of work with home economics. Under the supervision of the

Red Cross she conducted a class in home nursing which gave her girls a host of practical experience in care of the sick. Mrs. Estey is the Junior Class advisor with extra-curricular activities which include volleyball coaching, advisor to the cheer leaders, and girls' softball. Miss Barbara McKenzie, educated at Bryant College, replaces Miss Julia Keoseian in the commercial department and is doing a commendable job with a teaching load of five classes and eighth grade advisor. Her extra-curricular activities are teacher librarian, yearbook advisor, and girls' basketball coach. Mr. John Davis comes to Epping with a Bachelor's Degree from Bowdoin College and a Master's Degree from Boston University. Mr. Davis is doing an excellent job handling sciences and social studies in both the junior and senior high school. He is advisor to the Freshman Class. His extra-curricular activities include advisor to the National Honor Society and Junior Varsity Basketball coach. Mr. Eugene Ruddeforth, a graduate of Springfield College and graduate work at Western Reserve, is doing a commendable job in chemistry, junior high mathematics, and social studies. He is advisor to the Senior Class. His extra curricular activities are boys' baseball, boys' Athletic Council Advisor, and boys' junior high basketball. Mr. Philip LaRonde, a graduate of St. Anselm College with graduate work at Boston University, is very well qualified to handle English and languages. He is advisor to the Sophomore Class. His extra-curricular activities are cross-country and senior play advisor. I am the high school principal. I am a graduate of Keene Teachers College and have completed the requirements for my Master's Degree. This is my second position as principal of a high school. I handle the high school mathematics and physics. My extra-curricular activities include Basketball Coach and Student Council Advisor.

Other changes within the school have taken place. The curriculum has been broadened to include a fused

course in geometry and algebra which is offered for the first time to all students who have completed an elementary course in algebra. It offers a wonderful opportunity through integration to broaden the students' concepts in mathematical thinking. The teachers have given up their room so that the students could have a badly needed library and reference room. Although this room is small and does not have a full complement of reference and reading books, it does serve to acquaint the students with library procedure. Under the direction of Miss McKenzie students are being trained to serve as librarians. Plans for a high school remedial reading program are now being studied and will be a working reality within the next few weeks. The program is being designed to include all students in the building. It will take each student at his present level of reading speed and comprehension and carry him as far as possible.

The high school is endeavoring to develop your children into well-rounded citizens both intellectually and physically. All students have gym classes over and above the interscholastic sports. Under the direction of Mr. Ruddeforth the boys took the Deerfield Fair baseball championship this fall. The cross-country team, coached by Mr. LaRonde, went to the state meet at the University this fall. The girls' volleyball team set up a good record with Mrs. Estey as their coach. The girls' basketball team with Miss McKenzie as coach is doing a grand job. The boys' basketball team is in third place in the Southeastern League and is a strong contender for a berth in the State Class C tournament.

The testing program, under the supervision of your guidance director, Mr. John Scanlon, is of tremendous assistance to all the teachers in the building in helping them better understand and help the students in their daily class work and in helping them plan their future.

I wish at this time to publicly extend my sincere thanks to the teachers for the close co-operation and

many extra hours spent in cleaning up the stock room, building the library, and in their assistance in handling the many extra-curricular activities.

I also wish to express my deepest gratitude to Mr. Ramsay, the School Board, and the parents of Epping for your interest and understanding. Schools are not separate and should not be separate from the community, and collective action is the only answer to developing and producing well-integrated citizens that will be a credit to Epping and to the increasingly complicated world. We have, to the best of our abilities and resources, tried to install the needed tools to produce such individuals.

Respectfully submitted,

BERNARD C. FORBUSH,

Principal

MUSIC SUPERVISOR'S REPORT

To the Superintendent and School Board, Citizens of Epping:

Music is unique and extremely valuable in that every child, regardless of mental, physical or emotional handicaps can, by every virtue of the breadth of the field, make some contribution. Every pupil can have the experience of success because so many different activities are involved under the heading of "music." I have tried to incorporate as many of these activities as is possible in our school here in Epping. Among these activities are singing, listening, rhythmic activities, folk and square dancing, rhythm band, and choral speaking.

Much time was put into the preparation of the music for the Christmas Program which was enjoyed by many parents and friends.

I would like to express my sincere appreciation at this time to the most cooperative teachers, pupils and parents who have made my first year a success.

Respectfully submitted,

SARA JANE CUMMINGS,

Music Supervisor

NURSE'S REPORT

To the Superintendent of Schools, School Board Members, and Citizens of Epping:

It gives me pleasure to present this, my second report, to you.

Health functions are continuing as before, with fine cooperation from parents and teachers. It is because of this cooperative spirit in your community that I find it a real pleasure to work with you.

Much of the school nurse-teacher's work is dependent upon teacher observation. Through working in close relationship with them, we can more easily attain the objectives of the school nursing program. These are primarily to provide learning experiences for the child, not only that he may become more self-directing in matters relating to his own health, but also that he may become more aware of his responsibilities to others.

This year the N. H. State Dept. of Education has published its first guide for a school health program. A copy has been sent to the School Board and to your school. I hope everyone will acquaint himself with the contents of this manual, not only to become aware of recent trends in school nursing, but also that we may all work together to attain the highest health goals for our children. It cannot be stressed too strongly that if a child does not have good health, he is not a whole person, and therefore cannot possibly achieve what his potentialities would otherwise allow. Because of this, I believe it is important that the town obtain a school physician. This could be a simple matter in relation to expense to the town, and time expended by a doctor, and yet be of great value to the well-being of our children.

Hearty congratulations and thanks are due those who worked so long and arduously on the new lunch room. The hot lunch program is a recognized important factor in the growth and development of children, and those who have done so much to give the Epping children this advantage, deserve much praise from those whose children benefit.

The Epping Womans Club, too, is to be commended and thanked for its generous help in making possible a dental clinic for the children.

In closing, I should like to thank all others who have helped in making the school nursing program successful.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.

GUIDANCE DIRECTOR'S REPORT

To the Superintendent of Schools, members of the School Board, and Citizens of Epping:

It is with pleasure that I submit to you my third annual report as Director of Guidance.

The choosing of a career and the planning of their education with that goal in mind is one of the most important decisions that our pupils will make in their lifetime. It is the philosophy of Guidance that there is a fitting vocation for every boy and girl, one to which his or her aptitudes and interests are well geared and in which that student may discover the satisfactions of achievement and self-realization, and further, that each individual boy or girl should be provided with the opportunity, the incentive, and the time, to make this choice wisely with the help of adequate information about himself or herself, and adequate information about the vocation in which they are interested.

Through the program of Guidance services — the setting-up of the Individual Inventory for each pupil, the testing of each pupil with the University of New Hampshire Occupational Guidance Tests, the Occupational Information file, the Bulletin Board program at the high school, and the individual counseling conferences with the Guidance Director, seventy-eight of the pupils of Epping reaching that stage in their lives when they must make that decision have this year had those very important advantages.

An objective of a program of Guidance services which is reached after a few years of that program's operation is a wiser and more mature attitude toward the choosing of their careers by the pupils. This attitude is developing among our Epping boys and girls

and this change is taking place even among our seventh grade pupils. It is needless to state that when a vocational career is chosen early school becomes more purposeful.

The testing program covering the 4th and 6th grade pupils was carried out early this year. The thirty-one 4th grade and the twenty-six 6th grade pupils were tested on the attainment of Reading, Arithmetic, and Language skills. The results of these tests indicate the excellent job our teachers are doing.

These tests, along with the individual tests, are helping to provide for us a more complete picture of the pupil — his academic ability, his special aptitudes and his weaknesses, his interests, and his personality. We can then see more clearly his needs and provide for them. We are directing our attention this year to those students who may not be reaching a desired standard in the Reading Skills. During the current months of this year we are making plans for steps which will help these students become more proficient in this all-important ability.

We are spending now about forty per cent of our time in developing our Elementary School Guidance program. In this part of the overall program we work with the pupils in the earlier grades — from the first up. Because of difficulties which may arise in the earlier years of their schooling a poor attitude may develop. The techniques of Guidance are techniques by means of which these pupils may be taught to adopt as their own those habits of mind and emotion which will result in a more healthy attitude. This year eight pupils are being worked with on this basis.

The Child Study course for parents, so well received by the parents in the past two years, will be held again this year in the union. In order to make it easier for

more parents to attend it is planned to hold it in April when the weather, it is hoped, will be better.

This course is one of the areas of Guidance which we are trying to develop and one to which we look forward in the future with a great deal of hope. It is a long-term project and we are much encouraged by the response of the parents to it.

In closing I would like to say that because this is a Pilot Program in Guidance and the first in the State of New Hampshire to be tried on a union basis there has been a good deal of attention centered on it both by other school systems interested in guidance for their own pupils and by officials of the State Board of Education. The comments made by these educational leaders have been very encouraging. For my part, I would like to say that a large part of the success of the program is a result of the extremely high order of co-operation and support given it by the Superintendent, the members of the School Board, the teachers, and the parents of Epping. For this cooperation and support I would like to express my sincere thanks.

Respectfully submitted,

JOHN A. SCANLAN,
Director of Guidance

SUPERVISORY UNION NO. 14
SCHOOL CALENDAR
1955-56

Schools Open Wednesday, September 7, 1955

Schools Close June 15, 1956
